Cruise Control will rebalance your investments on a quarterly basis to maintain the percentages you have selected above.

To get the most out of your plan...

- consider how much you want to contribute and complete the Deferred Salary Agreement--the more you contribute, the greater your tax benefits now and the bigger your nest egg can be at retirement.
- consider your investment needs and objectives based on your age, earnings and other resources.

Be an informed investor...

The investments listed above are a convenient, sensible way for you to take advantage of the capital market. Your money is combined, "pooled," with the money of other participants to seek a common financial goal. After receipt of this form, MassMutual will send you a Personal Data Confirmation report. You should also keep a copy of this form for your records. **Investment flexibility...**

You can later change your investment selection by completing the transaction yourself using FLASH, via the telephone (1-800-743-5274) or the Internet (www.massmutual.com/retire), which is available to you 24 hours a day, 7 days a week. MassMutual cannot guarantee FLASH phoneline availability during periods of high demand. You may change your investment selection of future contributions daily and you may transfer previously contributed amounts between investments daily at no charge. **Please remember to choose a beneficiary for your Annuity & Savings Plan benefit.**
